

AVIN/APMA Demonstration Zone | Intake Form

Application Data

Project Title:		Application #:
Company Name:	Company Address:	
Contact(s):	Telephone #:	
Email:	Website:	

NOTE: Before completing the intake form, all SMEs MUST complete the following:

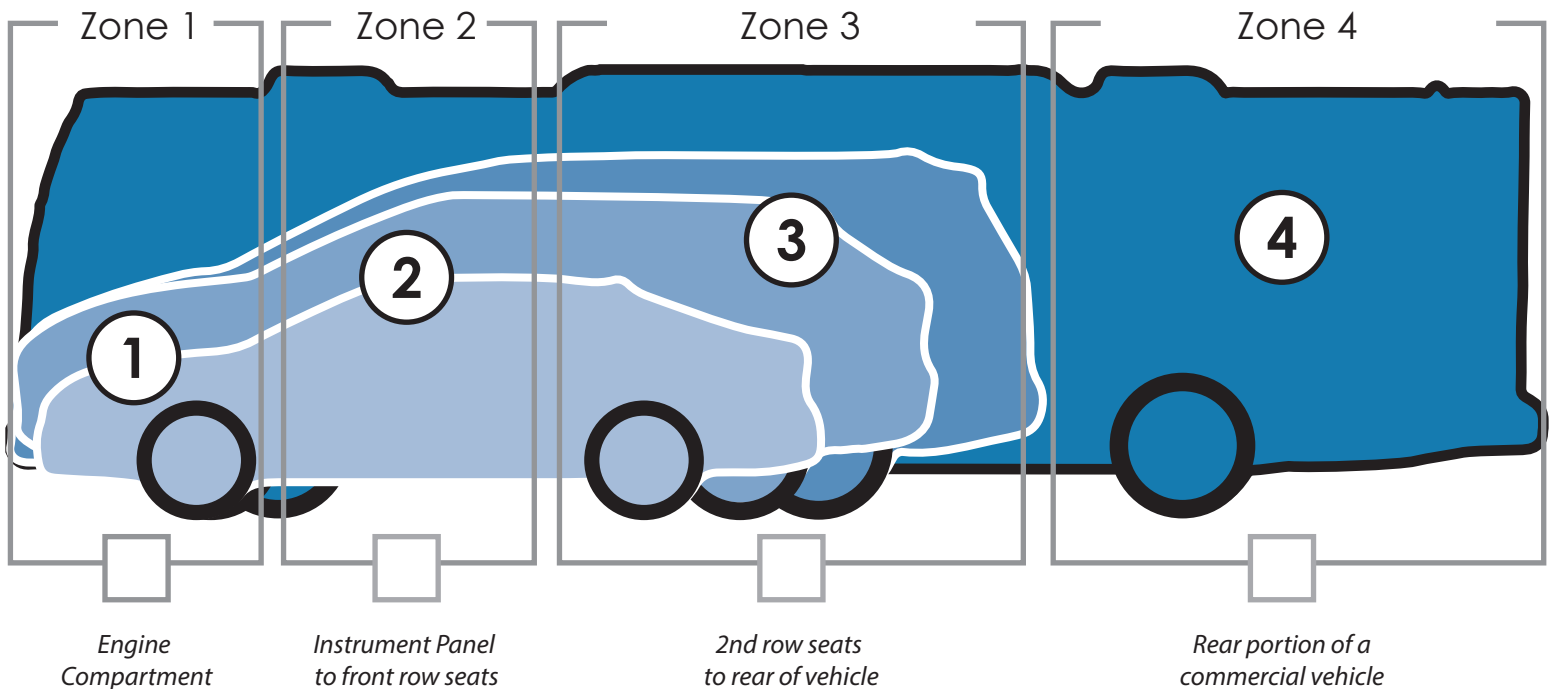

1. DISP - Registration
2. DISP - Technical Survey
3. AVIN Economic Outcome Survey

1. Choose your category:

- Connected
 Autonomous
 Light weighting
 Powertrain
 Adv. Materials

If "other" please specify:

2. Identify the location on the vehicle:

Please provide further details on where your technology will be installed (e.g. interior, exterior, under the hood):

Company Name:	Company Address:	
Contact(s):	Telephone #:	
Email:	Website:	

5. Readiness/ Next Steps:

A. Participants need to answer the following:

<input type="checkbox"/>	<input type="checkbox"/>	i. Is funding available to cover DIRECT integration costs for your technology, into a AVIN/APMA demonstration zone fleet vehicle?
<input type="checkbox"/>	<input type="checkbox"/>	ii. Are support team members (for trouble-shooting and implementation support) available?
<p>If NO, 'Please contact the APMA for details about the AVIN Talent development Program</p>		
<input type="checkbox"/>	<input type="checkbox"/>	iii. Are multiple working prototypes available that demonstrate technology, with intent for commercialisation?
Yes	No	

B. Describe high level steps and project objectives (milestones, timelines) for the technology to be commercialised.

5. Readiness/ Next Steps (Cont.):

D. Are you working with, or have worked with one of the AVIN Regional Technology Development Sites (RTDS)?

<input type="checkbox"/>	<input type="checkbox"/>	If yes, please indicate which one:
Yes	No	
<input type="checkbox"/>	Durham Region – Human machine interface (HMI) and user experience (UX)	
<input type="checkbox"/>	Hamilton Region – Multimodal and integrated mobility	
<input type="checkbox"/>	Ottawa Region – Vehicular networks and communications	
<input type="checkbox"/>	Southwestern Ontario Region – Vehicle cybersecurity and cross-border technologies	
<input type="checkbox"/>	Toronto Region – Artificial intelligence for connected and autonomous vehicles	
<input type="checkbox"/>	Waterloo Region – high-definition (HD) mapping and localization	
<input type="checkbox"/>	N/A - Not Applicable	

Please provide any other additional information, content and/or documents supporting the technology/project
